## CONVEYANCE

Russell Thomas and Lowell Brothers

On February 4, 1966 the Town of St. George became a part of School Administrative District No. 50. This is a big step forward both educationally and financially. Costs for education are becoming greater each year as are other expenses. The responsibilities of Schools are becoming greater as well. Technological advances bring even greater strains for schools to change and adapt themselves to meet the new challenges. Schools and school programs of fifty years ago are an expense which we can ill afford today if we plan to prepare youngsters to live successfully in this Space Age. If we should plan to "stop and rest awhile" and leave the curriculum static we will in reality be regressing.

During the past fall your principal and I applied for and received a sum of \$3358.32 under Title 1 of the Elementary and Secondary School Act. These federal funds are in the process of being spent to purchase additional instructional materials and equipment which will greatly aid our programs. We expect additional federal funds to be forthcoming before the end of this school year to supplement town efforts in the purchase of library books for the schools.

This past year has been both fruitful and pleasant and I wish to thank all town officials for their co-operation and efforts.

Respectfully submitted,

GILBERT S. STROUT

Superintendent of Schools

## Elementary Principal's Report

I would first like to take this opportunity to tell you what a pleasure it has been working with your children this 1965-66 school year. They are a wonderful group of youngsters. You must be very proud of them.

A program in Modern Math for levels one through grade eight was introduced this fall and is proceeding along at a normal pace for such a new and advanced program.

We have purchased new English textbooks for the sixth, seventh, and eighth grades and Social Studies textbooks for grade six. The ungraded program is progressing smoothly with a noticeable improvement in the reading achievements over the conventional classroom progress.

The extra curricular program has been stepped up to enable the student to better compete with his peers as he goes through life. To this end we have included the following: a school newspaper, student council, basketball, baseball, softball (for the girls), cheerleading, and school dances.

The St. George High School band uniforms have added a great deal to our band as you who attended the Christmas program will agree. The cheerleaders were equally "sharp" decked out in very attractive uniforms, which they very capably made as part of their home economics program.

The government has played a major part in our program this year with the adoption of the Elementary Secondary Education Act of 1965. Our fifth and sixth grade reading programs should benefit greatly once the total materials have been received and utilized.

The fourth and fifth grades are presently working on a co-operative basis with Mr. Lewis teaching Modern Math to both groups and Mrs. Thorbjornson teaching all the reading.

Looking ahead a little, I hope all of the following will receive serious consideration in the very near future:

1. An evening adult program in manual training.
2. A junior primary program as part of the ungraded program.
3. An ungraded school through the sixth grade.
4. A gymnasium for physical education and inter-school athletic programs.

Respectfully yours

EARLE PEASE, Principal

## Annual Report of The Fire Chief

To the Board of Selectmen and the people of the Town of St. George, I hereby submit the report for the Fire Department for the year ending January 31, 1966.

The Department responded to a total of 93 calls, classified as follows:

Ambulance	50
Building	8
Chimney	7
Vehicle	3
Boat	1
Woods	7
Grass	8
Dump	4
Miscellaneous	5

Each year the Fire Department has had an increase in calls over the previous year. This shows the need for good equipment and a well-trained force to man it. During the past year there has been a good move in that direction.

The purchase of the new Class A Pumper Tanker has updated our rolling equipment considerably. This truck (Engine No. 2) has worked out very satisfactorily in the short time that it has been in service. It is a piece of equipment of which the town should be very proud.

Tank No. 1 has been relocated in the Port Clyde area. Temporary quarters have been obtained from Mr. Jasper Balano for \$15.00 per month. There was much work to be done by the volunteers to make it suitable: a heating system, lights, doors, and windows were installed. An alarm system to cover the Port Clyde area is to be installed. A great deal of the expense was taken from the Samuel Zwecker Fund. This fund was set up by the Zwecker Family, and amounted to \$640.00, and for this we are most appreciative.

The Department is now in the process of obtaining a reduction in insurance rates for the Port Clyde area.

Our Ambulance runs for 1965 were nine more than 1964. Due to the fact that there is no resident

doctor, along with improved hospital care, health insurance, etc., this service will steadily increase. The operational cost per ambulance trip amounts to \$8.23.

The Association erected an addition to the Fire House at a cost of \$2500.00, for the purpose of housing the Ambulance. At my request, and with their consent, it was agreed to house the new apparatus in this bay, as it is much larger, with more room to work. Also, the Association is undertaking to have lavatory facilities, plus a larger heating system, put in to improve accommodations at the station.

Our Fire Auxiliary has been of the utmost importance to the Department in obtaining new and better equipment for the Ambulance. They stand ready for calls to all fires, bringing needed equipment or furnishing food whenever needed. Their support is very essential in the operation of the Fire Department.

This year has seen great steps forward in the betterment of the Fire Department for all.

Respectfully submitted,

ALFRED J. CHADWICK

Chief of the Department

To inhabitants of the town of St. George

Your attention is called to new and revised laws enacted by the 102nd Legislature.

Due to limited space only those laws which will affect most of you are being listed at this time. The Title, Chapter and Section numbers are given but exact wording is substituted by a general meaning of these laws.

**Title 12, Chapter 215, Section 1355.**

This law states that any town which continues to allow dumping on town dumps which have been posted closed by the State because they do not meet State safety and clearance regulations will lose the right to State reimbursement of one half the suppression cost of fires which escape from the dump during time of closure.

**Title 12, Chapter 215, Section 1456 A.**

This states that no equipment for producing power shall be operated in or near the woods unless equipped with an approved spark arrestor or muffler. This applies to Chain Saws, Tractors, home made or other equipment.

**Title 12, Chapter 215, Section 1653.**

Any person who willfully or negligently causes a fire to start in forest, brush, grass or other lands or who fails to take proper action to control a fire, shall be liable to the State or Town for up to \$500.00 of the suppression cost of the fire.

**Title 25, Chapter 317, Section 2436 A.**

This sets up control of debris burning when the ground is not covered with snow. Debris may be burned out of doors **only between the hours of 5 p. m. to Midnight, unless** you have an approved incinerator or a special burning permit from the Town Warden or Fire Chief. To meet approval, incinerators must be tight containers with **one inch holes for draft** not more than one foot from bottom of container. Top must be tightly covered when burning with mesh with not larger than one half inch holes. Incinerator must be set in center of a ten foot diameter circle cleared to mineral soil. Pressurized cans must not be burned. Fire shall not be left unattended. Incinerator approval forms may be obtained from your Town Warden or Fire Chief.

Note: This law refers to debris burning only. Permits for burning slash, brush, blueberry lands or fields or dry grass must be obtained from your Town Warden for any time of day.

Debris defined: Debris is any manufactured product, household rubbish, hay or other vegetative accumulation not included under slash.

Slash Defined: Slash is defined as, branches, bark, tops, chunks, cull logs, uprooted stumps and broken or uprooted trees and shrubs left on the ground as a result of logging, right of way construction or maintenance or land clearance.

## Notice To Taxpayers

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors—Chapter 91 A, Sec. 34, R. S. 1954.

## Dog Law

### M. R. S. A. Title 7, paragraph 3451, 1965

"On or before the first day of January of each year, the owner or keeper of any dog four months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by any licensed veterinarian, or any previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1 shall then be paid on such spayed females. In addition to the amount paid for license and tag, each applicant shall pay the city or town clerk 50c for recording and making a return to the Commissioner of Agriculture . . ."

"Any person becoming the owner or keeper of a dog after the first day of January, not duly licensed as required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided."

Maine Department of Health and Welfare  
Division of Public Health Nursing, Bureau of Health

## Annual Report of Public Health Nursing Services in St. George in 1965

Your public health nurse, a member of the Division of Public Health Nursing, visited St. George thirty-nine times. She rendered direct service to individuals, families and groups for planned community health activities. She attended meetings of the Health Council and helped this group assess the health needs of the community. Selected nursing activities are listed in Table I.

TABLE I

Nursing Activity	Number of Times Rendered
Home Visit	152
Child Health Conference	9
School Physical Examination Clinic	4
Immunization Clinic	4

Service was given according to the known needs of the community for public health nursing care, supervision and counseling. This year your nurse received referrals from families, school examining physician, child health conference physician, workers from the Bureau of Social Welfare, teachers and private physicians. The type of case seen was varied and is shown in Table 2 with the number of visits to and in behalf of individuals.

TABLE 2

Type of Case	Number of Visits Completed
Health Supervision	56
Morbidity (unclassified illness)	29
Mental Health	14
Crippling Condition	12
Ear Problems and Hearing	9
Communicable Disease (including tuberculosis)	8

Because of the large number of infants and pre-school children in the population, it seemed advisable to hold child health conferences on a monthly basis. The well infant and preschool age child who was not under a private physician's supervision was invited to attend these conferences where he received a medical examination and immunizations as necessary, given by Harry Naumer, M. D. The parents were counseled by the doctor and the public health nurse. There were forty-one children admitted to these conferences.

In the school setting your public health nurse assisted with the school physical examinations and immunizations. She did hearing tests on those children with a question of a hearing loss. She arranged for the tuberculosis testing done by Alta Ashley, M. D., Health Officer, District III. Nurse-teacher conferences concerning problems of individual children were held as needed. Your public health nurse visited the families of school children as recommended by the school physician.

St. George had a measles immunization clinic for the first time. All children between the ages of one and six were offered measles vaccine. Table 3 presents the number of children immunized by the type of immunization given.

## Report on St. George Dump

The spring clean-up this year was assisted by four boys from Hands, Inc. and their supervisor, all of whom worked very hard for three days. Picking up the papers scattered by winds is an endless process. We have finally got a fence erected in such a way as to catch most of the paper, and urge everyone to be sure to dump beyond it.

In spite of the severe drought conditions, the little pine trees are doing very well.

This coming year we will try to improve the road as much as we can afford to. Our thanks go again to Harold Black and Son for their good work, and to Alfred Leppanen for his advice and help with the fence.

Strict adherence to the dump rules is the only way we can keep down the mess. Here they are:

1. Dump only beyond the fence, at far end of dump. Do not throw anything beside, or on, the road or turnaround.
2. Do not light any fires at any time.
3. Dead animals and birds must be buried.
4. Sludge pumped from septic tanks is barred from the dump.
5. Doors must be removed from any refrigerator or ice-box left at the dump.
6. Whole trees and telephone poles are barred from the dump.
7. Open trucks going to the dump should be covered with a tarpaulin.

Please be sure to place papers, cartons, and light-weight plastic behind the fence, so that they won't blow all over the place.

**STATE LAW CONCERNING JUNKED CARS**

Sec. 1. M. R. S., T. 17, Par. 2802 Amended 1965:

“Any places where one or more old, discarded, worn out junked motor vehicles as defined in Title 29, Section 1, subsection 7, or parts thereof, are gathered together, kept, deposited, or allowed to accumulate, in such manner or in such location or situation, either within or without the limits of any highway, as to be unsightly, detracting from the natural scenery and injurious to the comfort and happiness of individuals and the public, and injurious to property rights, are declared to be public nuisances.”

THE SELECTMEN GIVE WARNING THAT THIS  
LAW WILL BE ENFORCED IN 1966.

## Audit Report

Note: The complete postaudit report for the year 1964 is on file in the St. George Town Office.

State of Maine  
Department of Audit  
Augusta, Maine 04330

July 15, 1965

Board of Selectmen  
St. George,  
Maine

In accordance with Title 30, Section 5253, Revised Statutes of 1964 an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1965.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at January 31, 1965, and the results of its operations for the year then ended.

Respectfully submitted,

ARMAND G. SANSOUCY  
State Auditor

## Town of St. George

FEBRUARY 1, 1964 TO JANUARY 31, 1965

\* \* \* \*

An audit has been completed of the financial records of the Town of St. George for the fiscal year ended January 31, 1965. The audit consisted of an examination of the records maintained by the Selectmen, Treasurer, Tax Collector and other municipal officials. The fiscal year's operations showed that the net unexpended departmental balance lapsed amounted to \$2,646.45, per the following summary:

### Departmental Operations:

Unexpended Balances	\$12,482.70
Overdrafts	9,836.25
	<hr/>
Net Unexpended Balance	\$ 2,646.45

The overlay, supplemental taxes and unallocated excise tax revenue were the major factors contributing to the net unexpended balance lapsed. The larger overdrafts occurred in the abatement, town poor and various highway accounts.

The following comments pertain to the accompanying financial statements and to the scope of audit.

ASSETS . . . . The general cash balance of \$15,384.87 was on deposit in the Depositors Trust Company, Rockland, Maine at January 31, 1965. Petty cash of \$25.00 was on hand.

Taxes receivable totaling \$20,236.56 consisted for the most part of current year accounts of \$18,787.85. The remaining balance of \$1,448.71 acquired property amounted to \$3,016.50 and \$2,162.28 respectively.

## LIABILITIES, RESERVES AND SURPLUS . . . .

The accounts payable of \$2,178.35 represented principally the tax collector's compensation which was due at January 31, 1965. The tax anticipation note of \$15,000.00, which bears interest at the rate of 3%, is held by the Depositors Trust Company, Rockland, Maine and is due September 1, 1965.

The appropriation accounts showed unexpended balances of \$4,974.54 representing various operating account balances that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The Collins Memorial Park Fund totaling \$1,699.43 represents the balance of a special fund which has not been reinvested.

The unappropriated surplus amounted to \$21,685.39, an increase of \$2,643.22 for the year. The change was occasioned principally by the net unexpended departmental balances lapsed.

DEBT FUND . . . . The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding elementary school bonds of \$32,000.00 and the outstanding revaluation notes of \$4,950.00. The bonds are to be retired from future years' revenue and the sinking fund of \$288.76 was on deposit in the Depositors Trust Company, Rockland, Maine.

## TRUST AND CAPITAL RESERVE FUNDS . . . .

Trust fund principals totaled \$20,539.00 and unexpended income amounted to \$1,679.15. The funds are invested in various type securities and bank deposits. Trust fund investments included securities in mutual funds. In this respect, legal advice should be obtained to determine if the percentage of funds so invested is within the provisions of the statutes.

The St. George Elementary School Fund of \$28,636.29 and the fire engine fund balance of \$8,492.92 are represented by demand and certificates of deposit in the Depositors Trust Company, Rockland, Maine.

DEPARTMENTAL ACCOUNTS . . . . The departmental operating accounts showed an increase of \$21,752.79 in funds raised by taxation, as compared with the preceding year. Larger appropriations for secondary education purposes, less smaller appropriations for elementary education, protection, and debt service were the major factors contributing to the increase.

The departmental balances carried forward to the ensuing year decreased by \$15,827.70, as compared with the balances at the start of the year. The change occurred principally in the highway and education accounts.

GENERAL . . . . The townspeople authorized the use of excise tax revenue for various highway purposes. The transfer of \$8,179.47 from the sinking fund for payments on the M. S. B. A. lease agreement and elementary school bonds was also voter authorized.

At the annual town meeting, the townspeople authorized the borrowing of up to \$11,000.00 for the revaluation program, however, during the current year only \$4,950.00 was borrowed for this purpose.

At a special town meeting, authorization was granted to borrow \$4,700.00 to meet the commitment of the school account for the remainder of the year.

RECOMMENDATIONS . . . . The following recommendations are worthy of consideration.

It is suggested that the balances and operational results of education accounts not subsidized with the foundation program be reported separately. The majority of the board of selectmen should approve all vouchers of the Trussell Worthy Poor Fund before payment is made by the Treasurer.

### SCOPE OF AUDIT

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recording cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the bank or by direct bank confirmation. Verifications were utilized, on a test basis, to determine the correctness of recorded assets and liabilities.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period.

Excise tax collections were checked with copies of receipts retained by the collector. Education account balances were checked with a statement furnished by the Superintendent of Schools. Trust, special and capital reserve fund transactions were examined and investments were verified. Surety bond coverage was reviewed.

## Annual Report of the Fire Chief

To the Board of Selectmen and the people of the Town of St. George, I hereby submit the report for the Fire Department for the year ending January 31, 1967.

The following show a total of 104 calls handled by the Department this past year:

Ambulance	62
Building Fires	8
Chimney	1
Vehicle	3
Woods	2
Grass	3
Dump	7
Miscellaneous	10
Training School	8

Under the Mutual Aid Agreement, we have responded to two of these calls: one for a house fire in South Thomaston, and the other as a search party for two victims of drowning in the Wessaweskeag River. The ambulance, lighting plant and drag were supplied by the Department for this search, along with several power boats and many man hours from the Wheelers Bay area. South Thomaston answered to two calls from St. George (Spruce Head area) under the foregoing agreement as well.

The new addition to the Fire House is now in use, with cement floor having been poured, lights and heat installed, and the new Fire Truck housed there.

Our project for the coming year is to put in water, lavatory and cabinets for supplies with all costs being absorbed by the Volunteer Association.

Last June we were notified by the State that the Town Dump did not meet State specifications, which of course means that we are unable to apply for any reimbursement (50% of costs) for fire resulting from the Dump. These specifications should be met, as the fire danger is rapidly growing with the misuse of the Dump, such as: disrespect to dumping rules, fire laws,

blocking lane to the water supply and the dumping of debris in the water hole. There have been seven dump fires this past year, with an average cost to the Department of about \$50.00 per trip. This does not include the many trips made by the Chief and Assistant Chief, all of which are costly and time consuming.

One State approved training course was held on Fire-Fighting, as well as a course on Ambulance and Rescue Work, conducted by the staff at Knox County General Hospital.

As in the past our Fire Auxiliary has been most helpful in purchasing new items for the Ambulance, and coming to our assistance whenever needed.

Respectfully submitted,

ALFRED J. CHADWICK

Fire Chief

## Notice To Taxpayers

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors—Chapter 91 A, Sec. 34, R. S. 1954.

### NOTICE TO DELINQUENT TAXPAYERS

In accordance with the laws of the State of Maine, a Tax Mortgage Lien will be taken on all Real Estate on which taxes remain unpaid after March 31, 1967.

Unless some arrangement for payment of Delinquent Personal Taxes is made by March 31, 1967 I shall be obligated to issue a Collector's Warrant to the County Sheriff to enforce collection. The additional costs of such legal action must be paid by the delinquent taxpayer.

Respectfully submitted,  
MALCOLM E. WILEY  
Tax Collector

## Dog Law

### M. R. S. A. Title 7, Chap. 703, Sec. 3451

“On or before the first day of January of each year, the owner or keeper of any dog four months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by any licensed veterinarian, or any previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1 shall then be paid on such spayed females. In addition to the amount paid for license and tag, each applicant shall pay the city or town clerk 50c for recording and making a return to the Commissioner of Agriculture . . .”

“Any person becoming the owner or keeper of a dog after the first day of January, not duly licensed as required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided.”

### Chapter 713, Sec. 3702

“The municipal officers of each municipality shall annually within the month of April issue a warrant, returnable on Dec. 15th, following, to one or more police officers or constables, directing him or them to

proceed forthwith to enter complaint and summons to court the owner or keeper of any unlicensed dog. The said police officer or constable shall, before entering such complaint and obtaining said summons, call on the owner or keeper of said dog and demand that he conform with the law and pay the license fees due, and if the owner pays such license fees, he shall pay in addition thereto the officer's fee of \$3, which the officer shall retain and make return and pay over to the city or town clerk the license fees received by him."

## Annual Report of Public Health Nursing Services in St. George in 1966

Your public health nurse, a member of the Division of Public Health Nursing, visited St. George sixty-two times. She rendered direct service to individuals, families and groups for planned community health activities. She met with members of the Health Council to plan these activities.

Selected nursing services are shown in Table 1 for the past four years.

TABLE 1

Nursing Activity	Times Rendered			
	1963	1964	1965	1966
Home visits	156	152	152	204
Child health conferences	3	4	9	8
School physical examination clinics	4	3	4	
Immunization clinics	2	2	4	3

Home visits were made according to the known needs of the community for public health nursing care, supervision and counseling. Nursing care was given forty times to patients with orders from their physicians. Referrals for home visits were received from families, physicians, friends, school personnel, child health conference physicians and school physicians.

Table 2 shows the types of case seen, the number of visits to individuals and the age group of the individual.

Totals	20	29	35	63	57	204

There was a total of fifty-six infants and pre-school children admitted to the child health conferences with an attendance of one hundred six. These children received physical examinations, counselling and the immunizations as necessary, given by Harry Naumer, M. D., assisted by your public health nurse.

Physical examinations were given the students in the Head Start Program, second, fifth and seventh grades. Your public health nurse assisted the school physician. Immunizations were given as indicated to the school children. The total number of children immunized in the town is shown in Table 3.

## **Report on St. George Dump**

### **RULES FOR USE OF ST. GEORGE DUMP**

1. Dump only beyond the fence, at far end of dump. Do not throw anything beside, or on, the road or turnaround.
2. **Do not light any fires at any time.**
3. Dead animals and birds must be buried.
4. Sludge pumped from septic tanks is barred from the dump.
5. Doors must be removed from any refrigerator or ice-box left at the dump.
6. Whole trees and telephone poles are barred from the dump.
7. Open trucks going to the dump should be covered with a tarpaulin.

**Please be sure to place papers, cartons, and light-weight plastic behind the fence, so that they won't blow all over the place.**

### **STATE LAW CONCERNING JUNKED CARS**

Sec. 1. M. R. S., T. 17, Par. 2802 Amended 1965:

"Any places where one or more old, discarded, worn out junked motor vehicles as defined in Title 29, Section 1, subsection 7, or parts thereof, are gathered together, kept, deposited, or allowed to accumulate, in such manner or in such location or situation either within or without the limits of any highway, as to be unsightly, detracting from the natural scenery and injurious to the comfort and happiness of individuals and the public, and injurious to property rights, are declared to be public nuisances."

## Audit Report

Note: The complete postaudit report for the year 1965 is on file in the St. George Town Office.

State of Maine  
Department of Audit  
Augusta, Maine 04330

June 2, 1966

Board of Selectmen  
St. George,  
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1966.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at January 31, 1966, and the results of its operations for the year then ended.

Respectfully submitted,  
ARMAND G. SANSOUCY  
State Auditor

## C O M M E N T S

Town of St. George

FEBRUARY 1, 1965 TO JANUARY 31, 1966

\* \* \* \*

An audit has been completed of the financial records of the Town of St. George for the fiscal year ended January 31, 1966. The audit consisted of an examination of the records maintained by the Selectmen, Treasurer, Tax Collector and other municipal officials.

The fiscal year's operations showed that the net departmental overdraft charged to surplus amounted to \$802.03, per the following summary:

## Departmental Operations:

Overdrafts	\$15,758.39
Unexpended Balances	14,956.36
	<hr/>
Net Overdraft	\$ 802.03
	<hr/> <hr/>

Overdrafts in the snow removal and officers' salary accounts less revenue derived from supplemental and excise taxes as well as the excess of the overlay over tax abatements were the major factors contributing to the net departmental overdraft.

\* \* \* \*

The following comments pertain to the accompanying financial statements and to the scope of audit.

ASSETS . . . . The general cash balance of \$15,458.65 was on deposit in the Depositors Trust Company, Rockland, Maine at January 31, 1966. Petty cash of \$25.00 was on hand.

Taxes receivable totaling \$22,443.59 consisted for the most part of current year accounts of \$21,351.03. The remaining balance of \$1,092.56 was for unpaid assessments dating from 1960. Tax liens and tax acquired property amounted to \$3,626.50 and \$3,536.43 respectively.

**LIABILITIES, RESERVES AND SURPLUS . . . .** The accounts payable of \$3,020.99 represented principally the tax collector's compensation which was due at January 31, 1966. The tax anticipation note of \$20,000, which bears interest at the rate of  $3\frac{1}{4}\%$ , is held by the Depositors Trust Company, Rockland, Maine and is due April 1, 1966. The amount of \$101.42 due governmental agencies represents payroll deductions.

The departmental accounts showed a net unexpended balance of \$1,249.65 representing various operating account balances and an overdraft that are carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The unappropriated surplus amounted to \$20,756.73, a decrease of \$928.66 for the year. The change was occasioned principally by the current year net departmental overdraft.

**DEBT FUND . . . .** The debt fund, incorporated in the balance sheet as a separate fund, reflects the outstanding elementary school bonds of \$30,000.00 and the outstanding revaluation notes of \$4,950.00. The bonds are to be retired from future year's revenue and the sinking fund. The sinking fund of \$298.93 was on deposit in the Depositors Trust Company, Rockland, Maine.

**TRUST, SPECIAL AND RESERVE FUNDS . . . .** Trust fund principals totaled \$20,939.00 and unexpended income amounted to \$1,236.79. The funds are invested in various type securities and bank deposits. Trust fund investments included securities in mutual funds. In this respect, legal advice should be obtained to determine if the percentage of funds so invested is within the provisions of the statutes.

The Public Landing Fund of \$10,000.00, the Sewer Project Fund of \$300.00, the Charles F. Collins Memorial Park Fund of \$1,699.43, and the Elementary School Building and the fire engine fund of \$29,520.37 and \$2,277.93 respectively are represented by certificates of deposit in the Depositors Trust Company, Rockland, Maine.

DEPARTMENTAL ACCOUNTS . . . . The departmental operating accounts showed an increase of \$18,880.11 in funds raised by taxation, as compared with the preceding year. Larger appropriations for education and indebtedness accounts and smaller appropriations for special assessment accounts were the major factors contributing to the increase.

The departmental balance carried forward to the ensuing year decreased by \$3,724.89, as compared with the balances at the start of the year. The change occurred principally in the highway, unclassified and education accounts.

GENERAL . . . . The townspeople authorized the use of excise tax revenue for various highway purposes. The use of the State refund on veterans' tax exemptions for the tax equalization program was also voter authorized.

At the annual town meeting the townspeople authorized the borrowing of up to \$5,750.00 for the purchase of a new fire engine, however, the loan was not negotiated during the current year.

### SCOPE OF AUDIT

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recorded cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the bank or by direct bank

confirmation. Verifications were utilized, on a test basis, to determine the correctness of recorded assets and liabilities.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, pay-rolls and canceled checks were examined for a selected period.

Excise tax collections were checked with copies of receipts retained by the collector. The education account balance was compared with a statement furnished by the Superintendent of Schools. Trust, special and capital reserve fund transactions were examined and investments were verified. Surety bond coverage was reviewed.

## Annual Report of the Fire Chief

To the Board of Selectmen and the People of the Town of St. George, I hereby submit the report for the Fire Department for the year ending January 31, 1968.

The following represents a total of 87 calls handled by the Department this past year.

Ambulance	67
Building Fires	2
Chimney	8
Vehicle	2
Woods	1
Grass	2
Dump	2
Miscellaneous	3

This has been a busy year for our ambulance. Ambulance calls have increased over 300% in the past twelve years of service. Calls total nearly 600 for the period, which means many hours donated by the Volunteers, in answering calls, and in training sessions, held at the Fire Station and Knox Hospital. This year St. George had nine of its members attend eight, two and three hour, sessions of schooling at Knox Hospital.

The people should be grateful to the Medical Staff of Knox Hospital for making Emergency Ambulance Training available.

Fire Emergencies dropped 50%, due mainly to the cool damp summer weather. An effort should be put forth by everyone to keep this type of emergency at a minimum. This can be done by obeying all fire laws and practicing good fire-sense.

The membership in the Department has dropped

in the past year, due mainly to the drafting of our younger members.

Your Fire Department is in need of more manpower and I urge all men 18 years of age and over to give a good Department some good support.

Our thanks also goes to the Fire Auxiliary who as in the past has given us tremendous support, by assisting us in updating our Ambulance equipment and in other ways as well.

Respectfully submitted,

ALFRED J. CHADWICK

Fire Chief

## Notice To Taxpayers

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors—Chapter 91 A, Sec. 34, R. S. 1954.

## **Dog Law**

### **M. R. S. A. Title 7, Chap. 703, Sec. 3451**

“On or before the first day of January of each year, the owner or keeper of any dog four months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by any licensed veterinarian, or any previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1 shall then be paid on such spayed females. In addition to the amount paid for license and tag, each applicant shall pay the city or town clerk 50c for recording and making a return to the Commissioner of Agriculture . . .”

“Any person becoming the owner or keeper of a dog after the first day of January, not duly licensed as required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided.”

### **Chapter 713, Sec. 3702**

“The municipal officers of each municipality shall annually within the month of April issue a warrant, returnable on Dec. 15th, following, to one or more police officers or constables, directing him or them to proceed forthwith to enter complaint and summons to

court the owner or keeper of any unlicensed dog. The said police officer or constable shall, before entering such complaint and obtaining said summons, call on the owner or keeper of said dog and demand that he conform with the law and pay the license fees due, and if the owner pays such license fees, he shall pay in addition thereto the officer's fee of \$3, which the officer shall retain and make return and pay over to the city or town clerk the license fees received by him."

**Annual Report of Public Health Nursing  
Services for St. George for the year 1967**

Your public health nurse, a member of the Division of Public Health Nursing, visited your town fifty-seven times during the year. During these visits she conferred with town officials, school personnel and health council members to plan for the health activities for the year. She rendered direct nursing services to patients and families in their homes. She assisted with planned group health activities. Table 1 shows selected types of activities, in which she participated, and the number of times completed.

TABLE 1

Activity	Times Completed
Home visits	113
Child health conferences	10
School health examination clinics	4
Immunization clinics	2

Home visits were made to patients and families for direct nursing care, under the direction of the private physician, and health supervision and counselling for the promotion of health. These patients and families were referred to your public health nurse by private, child health conference, and school physicians; school personnel; town officials; patients; families and others.

Table 2 presents the number of home visits made, according to type of case admitted to the public health nursing service, and age of the patient.

TABLE 2

Your public health nurse arranged for and assisted with the child health conferences during which fifty-five infants and pre-school children received physical examinations and requested immunizations by Harry Naumer, M. D., the conference physician. Your public health nurse interviewed and counselled the parents of these patients.

Your public health nurse planned for and assisted at the school health examination clinics. Forty-six children were examined by Harry Naumer, M. D., school physician. Immunizations clinics were held in the spring where children received necessary immunizations (with their parents' permission.) Your public health nurse assisted with the physical examinations, immunizations and tuberculin Tine tests given to children attending the Summer Head Start School.

Table 3 presents the types of immunizations and number of children immunized in St. George.

## **Report on St. George Dump**

### **RULES FOR USE OF ST. GEORGE DUMP**

1. Dump only beyond the fence, at far end of dump. Do not throw anything beside, or on, the road or turnaround.
2. **Do not light any fires at any time.**
3. Dead animals and birds must be buried.
4. Sludge pumped from septic tanks is barred from the dump.
5. Doors must be removed from any refrigerator or ice-box left at the dump.
6. Whole trees and telephone poles are barred from the dump.
7. Open trucks going to the dump should be covered with a tarpaulin.

Please be sure to place papers, cartons, and lightweight plastic behind the fence, so that they won't blow all over the place.

### **STATE LAW CONCERNING JUNKED CARS**

Sec. 1. M. R. S., T. 17, Par. 2802 Amended 1965:

.. "Any places where one or more old, discarded, worn out junked motor vehicles as defined in Title 29, Section 1, subsection 7, or parts thereof, are gathered together, kept, deposited, or allowed to accumulate, in such manner or in such location or situation either within or without the limits of any highway, as to be unsightly, detracting from the natural scenery and injurious to the comfort and happiness of individuals and the public, and injurious to property rights, are declared to be public nuisances."

In answer to inquiries concerning Town Cemetery Lots under Perpetual Care: the amount acceptable and what it provides.

Two hundred dollars is acceptable although four hundred dollars is advisable. Four hundred dollars offers better protection. This amount would be sufficient to take care of any increase in cost of operation if a decrease in interest occurs. We strive to accumulate some of the interest of each account yearly in order to take care of unexpected expenses.

The cemetery lots under Town Perpetual Care are expected to be mowed and clipped when necessary; made ready for Memorial Day and other Holidays during the summer. Any needed work on these lots should be reported at once to the Treasurer of the Town, or whoever is in charge of the finances. Payment for work cannot be made otherwise.

It is the aim of the "caretakers" and the Town to have a well groomed cemetery at all times. In most instances work has far exceeded the amount of pay the interest of investment allows. We are grateful for the thoughtful care that has been given this project.

## Audit Report

Note: The complete postaudit report for the year 1967 is on file in the St. George Town Office.

State of Maine  
Department of Audit  
Augusta, Maine 04330

August 3, 1967

Board of Selectmen  
St. George,  
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1967.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at January 31, 1967, and the results of its operations for the year then ended.

Respectfully submitted,

## TOWN OF ST. GEORGE

FEBRUARY 1, 1966 TO JANUARY 31, 1967

\* \* \* \*

An audit has been completed of the financial records of the Town of St. George for the fiscal year ended January 31, 1967. The audit consisted of an examination of the records maintained by the Selectmen, Treasurer, Tax Collector and other municipal officials.

The fiscal year's operations showed that the net unexpended departmental balance lapsed to surplus amounted to \$8,829.83, per the following summary:

## Departmental Operations:

Unexpended Balances	\$15,804.57
Overdrafts	6,974.74
	<hr/>
Net Unexpended Balance	\$ 8,829.83
	<hr/> <hr/>

The overlay and revenue derived from supplemental taxes and excise taxes less overdrafts in various highways and bridges accounts were the major factors contributing to the net unexpended balance.

\* \* \* \*

The following comments pertain to the accompanying financial statements and to the scope of audit.

ASSETS . . . . The general cash balance of \$38,103.59 was on deposit in the Depositors Trust Company, Rockland, Maine at January 31, 1967. Petty cash of \$25.00 was on hand.

Taxes receivable totaling \$15,546.57 consisted for the most part of current year accounts of \$14,602.89. The remaining balance of \$943.68 was for unpaid assessments dating from 1960. Tax liens and tax acquired property amounted to \$2,522.40 and \$3,731.08 respectively.

The deferred appropriation of \$12,000.00 represented State of Maine participation in developing public landings.

**LIABILITIES, RESERVES AND SURPLUS . . . .** The accounts payable of \$2,608.83 represented principally the tax collector's compensation which was due at January 31, 1967. Short term loans outstanding at the year end were issued in anticipation of taxes and for public landings expense in the amounts of \$20,000.00 and \$12,000.00 respectively.

The departmental accounts showed a net unexpended balance of \$4,672.72 representing various operating account balances and overdrafts that are carried forward to the ensuing year in accordance with requirements and/or customary practice.

The unappropriated surplus amounted to \$27,693.13, an increase of \$6,936.40 for the year. The change was occasioned principally by the net unexpended departmental balance lapsed less tax abatements.

**DEBT FUND . . . .** The outstanding school construction bonds of \$30,000.00 were assumed by School Administrative District No. 50 during the year. The debt fund shows a sinking fund reserve of \$309.46 which was on deposit in the Depositors Trust Company, Rockland, Maine.

**TRUST, SPECIAL AND RESERVE FUNDS . . . .** Trust fund principals totaled \$21,739.00 and unexpended

ed income of \$1,552.35. The funds are invested in various type securities and bank deposits.

Trust fund investments included securities in mutual funds. It is recommended that legal advise be obtained to determine if the percentage of funds so invested is within the provisions of the statutes.

Expenditures charged to the Trussell Worthy Poor Fund appeared, in some instances, to have exceeded bequest stipulations. In this respect, it is suggested that legal advise be obtained to determine the fund expenditure limitations.

The Charles F. Collins Memorial Park Fund of \$1,729.-34 and the Elementary School Building Fund of \$30,-656.29 are represented by certificates of deposits in the Depositors Trust Company, Rockland, Maine.

GENERAL . . . . The ownspeople authorized the use of excise tax revenue for various highway purposes.

At the annual town meeting the townspeople authorized the use of the proceeds from the sale of the Port Clyde Schoolhouse (Special Fund) to participate in a Federal and State recreational program to build public landings.

### SCOPE OF AUDIT

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recorded cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the bank or by direct bank confirmation. The correctness of other recorded assets and liabilities was verified on a test basis.

---

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period.

Excise tax collections were checked with copies of receipts retained by the collector. Trust, special and capital reserve fund transactions were examined and investments were verified. Surety bond coverage was reviewed.

33. To see if the inhabitants will vote to adopt the following minimum standards to be met before accepting a private road as a town road:

#### **Minimum Road Standards**

1. Petitioner/s shall present a scaled drawing of the road and right of way, prepared by a licensed civil engineer or surveyor, to the Board of Selectmen, locating the road with reference to existing roads, waterfronts, etc., and showing all abutting property lines.
2. Petitioner/s shall deed to the town a right of way that shall be at least the same width as the town road from which entrance is made, except that a minimum of 2 rods and a maximum of 3 rods shall be required.
3. Petitioner/s shall present to the Board of Select-

men written waivers of liability signed, and notarized, by each of the abutting land owners.

4. The road shall:

- a. Be of such width that two cars can pass anywhere on its entire length.
- b. Be excavated and filled, as necessary, to ensure that all soft material is replaced with suitable compacted material.
- c. Be ditched laterally and culverted transversely (and laterally where necessary) to take care of maximum water runoff.
- d. At least one coat of tar shall have been applied to seal the surface.

34. To see if the inhabitants will vote to authorize the Selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes or foreclosure of tax liens, and execute quit claim deeds for same.

35. To see if the inhabitants will vote to authorize the Selectmen to borrow on the credit of the town, a sum sufficient to cover running expenses of the town in the interim between the annual Town Meeting and April 1, 1969.

36. To see what sum the inhabitants will vote to pay for labor on the highways for men and trucks.

37. To see what sum the inhabitants will vote to pay for fighting fires.

38. To see if the inhabitants will vote to go on daylight saving time in accordance with surrounding towns.

The Registrar will be available in the Town Clerk's office daily for the purpose of correcting the list of voters and will accept new registrations until 12:00 noon, March 16th, 1968.

## **Town Manager's Report**

### **TO THE SELECTMEN AND CITIZENS OF ST. GEORGE:**

It is with pleasure that I, as your Town Manager, present the following report for the fiscal year ending January 31, 1969.

Our first order of business was the consolidation of the Town Clerk, Treasurer, and Tax Collector, with the many records, files and supplies. It was decided not to build the addition to the Town Office, which was originally planned for the storage of surplus foods, in view of the fact that the office space was adequate for our needs, and surplus food would probably be relocated at a later date.

Appropriations were spent on the town office to re-shingle the roof, clean, paint and panel the interior, install bathroom facilities, insulate and install a tile floor. It was also necessary to rewire the office and install outlets for the electrical equipment. We still have a balance in this account and feel that the people are proud of the appearance of their town office.

Town Road Improvement monies were spent on the Ralph Cline Road, so called, and the Patten Point Road, and both were completed with satisfaction.

The State Aid Money for roads was spent on Route No. 131 in Tenants Harbor, with a 20% bonus for drainage construction along with the road improvement, which was recommended by the State Highway Commission. The Road was widened considerably and curbing added, and certainly improves the area.

The highways in town are in good repair and the people have cause to be proud. Mr. Allison Morris, your former road commissioner, has been of great assistance to me and most co-operative.

The Town purchased a 1959 GMC 4-wheel drive truck and plow this year. It was necessary to receive a bid on snow removal and at the same time contract with someone near enough to give us good service. The result was that we could get neither. With the snow season rapidly approaching, and no provisions previously made for town equipment, the decision to purchase a truck was based on the fact that the town had expended a greater amount than the complete purchase price of this truck, in repairing and equipping privately-owned equipment for snow removal last year, with no provisions set aside. I feel that the decision reached by the Board of Selectmen and myself was the only answer and a reasonable one. The initial move is an expense but its use builds up a surplus reserve as compared to rental.

The Snow Removal Account I feel, is in order. I note that the appropriation made in 1967 for Winter Maintenance was discontinued by the State.

We do have an overdraw in the Roads and Bridges Account, which I feel is due to the extra roads which were maintained in the 1968 account, while special appropriations were made in 1967 for individually named roads. This, together with the increase in hourly wages to State Rates, would reflect in this balance. The A. D. C. Account is going to be larger this coming year. We seem to be increasing the number of cases. These are granted by the State, and towns are required to pay 18% of the cost. Our Old Age Assistance and Town Poor Accounts should reflect a decrease next year.

Due to the tremendous increase in the State's Valuation, our town's share of the S. A. D. No. 50 school budget will be considerably larger. Also, the County Tax will increase, and State Aid matching road funds will increase.

One of our first problems and one that received much consideration and planning was the Town Dump. St. George is no different than many other towns, and a

dump always presents its problems. I sincerely hope that the citizens will support the suggestion to fence and gate the dump, post hours and have an attendant. It would appear that, as other towns have found, this is the best solution to our problem for all concerned. I have observed the dedication of your fire department and the many volunteer hours by the members. St. George is one of very few towns to have a free ambulance service, and we should be very proud of this service and the volunteers.

I would like to thank the Selectmen and many citizens for their confidence and valuable assistance during my first year. To my assistant and secretary, Mrs. Patricia Minzy, many thanks.

Respectfully,

G. DEWEY THAYER  
Town Manager

## Report Of The Planning Board

The St. George Planning Board was established by authorization of the voters at the town meeting held March 18, 1968. The following citizens were appointed by the Selectmen to serve without remuneration:

Malcolm Wiley	5 years (Chairman)
James Skoglund	4 years (Secretary)
Henry Faller	3 years
Saul Zwecker	2 years
Austin Kinney	1 year

### Alternates

Howard Monaghan	1 year
Gwen Prosser	1 year

The purpose of the board is to anticipate and plan for future needs of the town, particularly those which may arise from an increase in population and/or industry. The board acts only in an advisory capacity, and may make suggestions but cannot act independently.

At the six meetings which have been held, there has been discussion of the need for signs to adequately mark the various roads and villages. Steps have been taken to determine the position of the town in relation to state and federal pollution control laws. Particular attention has been given to the possibility of setting aside some tax acquired property. Land thus set aside could be used as a town forest and be available for future town needs. An article in the warrant, if passed, will contribute to the realization of this plan.

The board will welcome suggestions from any citizen on matters concerning general improvement of the town.

Respectfully submitted,

MALCOLM E. WILEY  
Chairman

## Annual Report Of The Fire Chief

To the Board of Selectmen, Residents and Taxpayers of the Town of St. George, I hereby submit the following report for the Fire Department for the year ending January 31, 1969:

The Department responded to a total of 81 calls as follows:

Fire		Non-Fire	
Building	9	Service	2
Town Dump	11	Drills	2
Grass	4	Miscellaneous	1
Chimney	2	Ambulance	48
Woods	2		

This year saw an increase in the number of fires of all types due primarily to the exceptionally dry summer in comparison with the previous year.

The Fireman's Association, as in the past, have given their time, energy and money to a variety of projects. To mention a few, a 1,200 gallon tank truck was equipped and stationed in Wiley's Corner; a 500 gallon per minute portable pump was purchased; a remote control radio unit was purchased and installed in the town office; last but far from least are the many volunteer hours in operating the ambulance, which is completely operated and maintained by the Association, together with many other small items which keep the Department in good order. The Town of St. George should feel proud that an organization such as this exists.

The following schools were attended by the volunteers this year: Tactics, for the officers: Fire streams and resuscitator training and the emergency ambulance training course, which was again offered at Knox Hospital. A number of our men completed these courses, and thanks to training courses such as these and

the voluntary instruction by members of the Knox Hospital staff, St. George has several fully trained men who are qualified for emergency ambulance service.

We wish to extend our sincere thanks to "Barney" Robinson who donated the use of his garage to house the new piece of equipment (tank truck) at Wiley's Corner.

The Fire Auxiliary again this year has given us tremendous support with much needed equipment for the ambulance and other items, as well as their general support and co-operation which is very much appreciated.

Respectfully,

MERRILL C. MINZY, JR.

Chief

**Maine Department of Health and Welfare  
Division of Public Health Nursing, Bureau of Health**

**Annual Report of Public Health Nursing  
Services in St. George in the Year 1968**

Your public health nurse, a member of the staff of the Division of Public Health Nursing, submits her report of nursing services given to individuals, families and community groups in St. George during the year 1968. Referrals for these services were received from individuals, families, physicians, school personnel, health committee members and various other sources. The types of health problems varied; the services provided, therefore, varied in accordance to the need for them. They included nursing care of the sick and handicapped patients, health supervision and, in some instances, consultation. The following table shows the kind of services given individuals by type of case and age group:

Type of Case	Number of Visits by Age Group					Total Visits
	0-11	1-4	5-19	20-64	65+	
	Mos.	Yrs.	Yrs.	Yrs.	Yrs.	
Health Problem (not elsewhere classified)			1	4	14	19
Health Supervision (no illness)	5	4	2	1		12
Communicable Disease			3		2	5
Exceptional Child		3	2			5
Ear Problem		2	2			4
Arthritis				4		4
Maternity				4		4
Crippling Condition			4			4
Eye Problem		1	2			3
Mental Health			2			2
Cystic Fibrosis			1			1
<b>Total</b>	<b>5</b>	<b>10</b>	<b>19</b>	<b>13</b>	<b>16</b>	<b>63</b>

Your nurse assisted patients and families to carry out the regime of care prescribed by their physician.

Because of the illness of Harry Naumer, M. D., child health conferences were discontinued for 1968, but the infants and pre-school age children have been invited to Thomaston. There each child was given a physical examination and necessary immunizations by Emery B. Howard, M. D. The nurse discussed the child's health with the parents.

Your nurse planned for and assisted Harry Naumer, M. D., with the school immunization clinic. She planned for the physical examinations, immunizations and tuberculin skin tests administered by Harry Naumer, M. D. and assisted by Mary Davis, R. N.

All immunizations given in the various programs are summarized as follows:

Type of Immunization	No. of Children Immunized
Polio (Oral Trivalent)	11
Diphtheria-Tetanus	7
Measles	3
Diphtheria-Pertussis-Tetanus	1

Your nurse appreciated the cooperation of the community.

Respectfully submitted,

BERYL B. BORGERSON, R. N.

Public Health Nurse

## **Report on St. George Dump**

### **RULES FOR USE OF ST. GEORGE DUMP**

1. Dump only beyond the fence, at far end of dump. Do not throw anything beside, or on, the road or turnaround.
2. **Do not light any fires at any time.**
3. Dead animals and birds must be buried.
4. Sludge pumped from septic tanks is barred from the dump.
5. Doors must be removed from any refrigerator or ice-box left at the dump.
6. Whole trees and telephone poles are barred from the dump.
7. Open trucks going to the dump should be covered with a tarpaulin.
8. Dump shrimp and lobster bodies and shells in ditch dug for this purpose to left of road.

### **STATE LAW CONCERNING JUNKED CARS**

Sec. 1. M. R. S., T. 17, Par. 2802 Amended 1965:

"Any places where one or more old, discarded, worn out junked motor vehicles as defined in Title 29, Section 1, subsection 7, or parts thereof, are gathered together, kept, deposited, or allowed to accumulate, in such manner or in such location or situation either within or without the limits of any highways, as to be unsightly, detracting from the natural scenery and injurious to the comfort and happiness of individuals and the public, and injurious to property rights, are declared to be public nuisances."

Respectfully submitted,

MARGARET L. LEWIS

Health Officer

## Notice To Taxpayers

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors—Chapter 91 A, Sec. 34, R. S. 1954.

## Notice To Veterans

Veterans or widows of veterans, who may be eligible for poll or property tax exemption, under our Maine Laws, should be familiar with the requirement, whereby, application for tax exemption must be made to assessors before April 1st of the year in which exemption is expected to begin.

The following is taken from Chapter 91A, Public Laws of 1955, section 10, sub-section 111G:

“Any person who desires to secure exemption under the provisions of this sub-section shall make written application and file written proof of entitlement on or before the first day of April, in the year in which exemption is first requested, with the assessors of the place in which the person resides; and the assessors shall thereafter grant such exemption to any person while he is so qualified or until they are notified of desire or reason for discontinuance.”

Please return this form to the Board of Assessors by April 1st.

## Dog Law

### M. R. S. A. Title 7, Chap. 703, Sec. 3451

"On or before the first day of January of each year, the owner or keeper of any dog four months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by any licensed veterinarian, or any previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1 shall then be paid on such spayed females. In addition to the amount paid for license and tag, each applicant shall pay the city or town clerk 50c for recording and making a return to the Commissioner of Agriculture . . ."

"Any person becoming the owner or keeper of a dog after the first day of January, not duly licensed as required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided."

### Chapter 713, Sec. 3702

"The municipal officers of each municipality shall annually within the month of April issue a warrant, returnable on Dec. 15th, following, to one or more police officers or constables, directing him or them to proceed forthwith to enter complaint and summons to

court the owner or keeper of any unlicensed dog. The said police officer or constable shall, before entering such complaint and obtaining said summons, call on the owner or keeper of said dog and demand that he conform with the law and pay the license fees due, and if the owner pays such license fees, he shall pay in addition thereto the officer's fee of \$3, which the officer shall retain and make return and pay over to the city or town clerk the license fees received by him."

In addition, the owner shall present a certificate, signed by a licensed veterinarian, stating that the dog has been immunized against rabies within 365 days of the time application is made for a license.

## Audit Report

Note: The complete postaudit report for the year 1968  
is on file in the St. George Town Office

State of Maine

Department of Audit

Augusta, Maine 04330

April 15, 1968

Board of Selectmen  
St. George,  
Maine

In accordance with your request, an audit has been conducted of the financial records of the Town of St. George for the fiscal year ended January 31, 1968.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the exhibits contained in this report present fairly the financial position of the Town of St. George, and the results of the financial operations for the period indicated.

Respectfully submitted,

ARMAND G. SANSOUCY

State Auditor

26. To see if the inhabitants will vote to adopt the following minimum standards to be met before accepting a private road as a town road:

#### **Minimum Road Standards**

1. Petitioner/s shall present a scaled drawing of the road and right of way, prepared by a licensed civil engineer or surveyor, to the Board of Selectmen, locating the road with

references to existing roads, waterfronts, etc., and showing all abutting property lines.

2. Petitioner/s shall deed to the town a right of way that shall be at least the same width as the town road from which entrance is made, except that a minimum of 2 rods and a maximum of 3 rods shall be required.

3. Petitioner/s shall present to the Board of Selectmen written waivers of liability signed, and notarized, by each of the abutting land owners.

4. The road shall:

- a. Be of such width that two cars can pass anywhere on its length.
- b. Be excavated and filled, as necessary, to ensure that all soft material is replaced with suitable compacted material.
- c. Be ditched laterally and culverted transversely (and laterally where necessary) to take care of maximum water runoff.

27. To see if the town will vote to authorize the Selectmen to sell back to the heirs of Fred R. Hupper, the "schoolhouse lot" on the Glenmere Road (Town Map No. 6, Lot 40A, which was sold to the Town in 1876), for the sum of \$150.00.

28. To see if the town will accept as a town way the existing roadway beginning at the Rackliff Road, so called, and extending southeasterly and southerly a total distance of about 2850 feet to the northerly end of a proposed causeway leading to Rackliff Island, width of way to be two (2) rods.

29. To see if the town will vote to close Watts Avenue from the northern edge of property of Dana and Flora Smith to the southern edge of property of Alfred and Vivian Leppanen.

30. To see if the town will vote to close the Seal Harbor Road, so called, from the intersection of Route No. 131 with Route No. 73 westerly to the Snow's Point Road.

31. To see if the town will vote to close the town way leading from the Glenmere Road to the Helen P. Merrill property.

32. To see if the town will vote to close the Denison Road from the land of Victor Dennison westerly to Route No. 131.

33. To see if the town will authorize the Selectmen to borrow a sum of money, not to exceed \$12,000.00, for the purpose of acquiring town-owned road equipment. Rental paid for this equipment as used in the town would be used to help repay the loan.

34. To see if the town will vote to authorize the Selectmen to accept funds given for the Perpetual Care of cemetery lots, with a minimum amount of \$300.00 required.

35. To see if the inhabitants will vote to authorize a change in the Town's fiscal year from February 1 — January 31 to a calendar year of January 1 — December 31, for the purpose of facilitating the book-keeping and auditing of the Town's business.

36. To see if the inhabitants will vote to authorize the Selectmen on behalf of the town to sell and dispose of any real estate acquired by the town for non-payment of taxes or foreclosure of tax liens, and execute quit claim deeds for same.

37. To see if the inhabitants will vote to authorize the Selectmen to borrow on the credit of the town, a sum sufficient to cover running expenses of the town in the interim between the Annual Town Meeting and April 1, 1970.

38. To see what sum the inhabitants will vote to pay for labor on the highways for men and trucks.

39. To see what sum the inhabitants will vote to pay for fighting fires.

40. To see if the inhabitants will vote to go on daylight saving time in accordance with surrounding towns.

The Registrar will be available in the Town Office Monday through Friday from 8 A. M. to 4 P. M. for the purpose of correcting the list of voters, and will accept new registrations until 4 P. M., March 21, 1969.

## Town Manager's Report

TO THE CITIZENS OF ST. GEORGE:

It is a pleasure to submit to you this annual report for the calendar year 1969.

The Bank balance as of Dec. 31, 1969 was \$18,629.75, and our Surplus balance is \$43,184.02.

We have collected 81% of the 1969 Tax Commitment as of Dec. 31, 1969. Taxes were due Dec. 31, instead of Jan. 31, as in the past years.

The Selectmen, after meeting with six different engineering firms about our Preliminary Sewage Disposal Survey for Tenants Harbor and Port Clyde, engaged Wright, Pierce, Barnes, & Wyman, of Topsham, Maine, and signed the contract in June.

The Selectmen appointed Arthur Kinney, William Cook, and Randall Baker to serve on the Furnace Committee for the fire station. Bids were asked for from several firms; none were submitted. The committee met with Gordon Benner, and the Town entered into a contract with him in June. The new furnace was duly installed, and we are very well satisfied that it is more economical to run.

At the Town Dump, after meeting with the State Department of Forest Services, the Selectmen engaged the Mitchell Construction Co. to do the required work. Mr. Alan Smith was our first caretaker. He left after six months, and Mrs. Dorothy Morse was hired. She has the place looking very neat, and her constant care has actually cut down on the number of times bulldozing has been needed. We are asking for more money for the Dump Account in order to pay Mrs. Morse a decent day's wage. The Dump is open from 8 A.M. to 6 P.M. Wednesday, Saturday, and Sunday during the winter months. This coming summer we hope to have it open more often.

For the first time in many years the Selectmen put the Snow Plowing out to bid. Only one written bid was submitted, and that was by the Mitchell Construction Co. A contract was signed for two years at \$9,000.

per year. Mr. Patrick Mitchell installed C.B. radio sets at the Town Office, the Town Manager's home, his own home, and the company trucks at his own expense, thus greatly facilitating communications during bad storms.

The Roads and Bridges Account for 1970 will remain the same. We are asking \$1,000. more for Retarring this year, since we have more roads to tar. We had an overdraft in the Roads and Bridges Account in 1969, due to ditching required on High Street, and the wash-out on Marshall Point Road.

The Town Poor Account for 1970 will be less, but the A.D.C. Account will have a big increase. Our local authorities have little control over it; the State Department of Health and Welfare has the final say.

I wish to thank the Board of Selectmen, the Budget Committee, Allison Morris, and Mrs. Patricia Minzy for their fine cooperation during this past year.

Respectfully submitted,

G. DEWEY THAYER  
Town Manager

## Report Of The Planning Board

Following the town meeting of March 24, 1969 the selectmen appointed Austin Kinney to a five year term on the planning board; and Mrs. Gwen Cook was appointed to serve as an alternate.

At the regular town meeting the people voted to accept, as a town forest, the tax acquired Zebblin Kinney property, as recommended by the planning board.

Steps have been taken toward preparing a comprehensive plan for the town, as required by state law. Four members of the board attended a ten weeks course in planning given by the University of Maine in Augusta; we met with representatives of the State Highway Dept. in an attempt to ascertain future highway plans for the town; we have studied copies of plans used in several towns that are comparable in area and population to St. George.

Following recommendations of interested citizens, the board has included three articles in this year's warrant: One concerning the placement of mobile homes; another regarding the screening of industries which may wish to locate in St. George; a third article, recommended by the assessors, would require building permits for projects costing more than one thousand dollars.

The board is pleased by the positive response to our request for suggestions, and we urge each of you to continue to inform us of your ideas that will benefit the town

Respectfully submitted,

MALCOLM E. WILEY  
Chairman

## Annual Report Of The Fire Chief

To the Board of Selectmen, Residents and Taxpayers of the Town of St. George, I hereby submit the following report for the Fire Department for the year ending December 31, 1969:

The Department responded to a total of 106 calls as follows:

<u>FIRE</u>		<u>NON-FIRE</u>	
Building	9	Service	9
Town Dump	2	Drills	3
Grass	13	Ambulance	61
Chimney	3		
Woods	6		

This past year saw a large increase in woods and grass fires, most of which were deliberately set. With the help of the State Arson Squad, these types of fires were brought under control.

The fires at the town dump were drastically cut during the past year. I feel that the fire danger at the town dump, at the present time, is eliminated.

We wish to extend thanks again this year to "Barney" Robinson, who donated the use of his garage at Wiley's Corner to house the tank truck stationed in that area. This truck has certainly proved its value during the past year.

Our ambulance service has increased tremendously during 1969, and consequently many more volunteer hours are needed. With many neighboring municipalities discontinuing ambulance service, St. George has responded to Spruce Head calls when service was needed.

As the ambulance is funded strictly by donation and operated strictly on volunteer time, much help is needed in both fields in order to maintain and continue this service. Our present ambulance is a 1956 Cadillac. Repair costs and maintenance for this vehicle is extremely high and its age presses toward more maintenance. A more economical, later model vehicle

is desperately needed and it is hoped that some financial help be found in 1970.

I would like to thank the Fire Commissioners, Town Manager and officers and members of the Fire Department for their assistance, co-operation and confidence during the past year. Our town is growing rapidly and the protection needed by the department is getting much greater every year. It is only through dedication and increased membership in the Department that good service can be given. Membership in the department and attendance at fires is not only what makes a good department. Constant training in the operation of equipment, checking the operation of all equipment weekly and co-operation between men keep a skilled team of men who operate with no loss of time. These boys need and deserve the support of the townspeople whom they serve.

Respectfully,

MERRILL C. MINZY, JR.  
Chief

Maine Department of Health and Welfare  
Division of Public Health Nursing, Bureau of Health

**Annual Report of Public Health Nursing  
Services in St. George in the Year 1969**

Your public health nurse, a member of the staff of the Division of Public Health Nursing, submits her report of nursing services given to individuals, families and community groups in St. George during 1969.

Your nurse coordinated the following activities for the school health program: physical examinations were given thirty-four students in grades one, four and seven by attending physician, M. V. Onat, M.D., who also administered necessary immunizations; tuberculin skin tests were given, with parental permission, to fifty-three children in grades one and seven by your public health nurse. Any student who had a deviation in vision or hearing was checked by your nurse. Assistance was given to parents and family physician on all children found to have health problems. Consultation was given by your nurse to school personnel regarding individual students.

A meeting with Harry Naumer, M.D., was arranged by your public health nurse and plans were made to start child health conferences to be held throughout the year. The first such conference was held in October at the Community Building, Tenants Harbor. All infants and pre-school children not under the care of a private physician were invited to attend. They received physical examinations, all necessary immunizations given by Dr. Naumer. The public health nurse discussed their growth and development with their parents. Children found with defects were referred to the family physician or for specialist care.

Your public health nurse made twenty-six visits to your town; she made twenty-eight home visits to give nursing care and health supervision to patients with a variety of conditions. Cases were referred to her through families, physicians, school personnel, the Division of Child Health and other sources. The Mid-

Coast Home Health Agency has expanded to include nursing care of all ages for home bound patients so your public health nurse has discontinued these services.

All immunizations given in the various programs are summarized as follows:

TABLE I

Type of Immunization	Number of Children Immunized		
	1-4 Years	5-19 Years	Total
Diphtheria-Tetanus		12	12
Trivalent Oral Polio	1	9	10
Smallpox	4	2	6
Measles	3	2	5
Totals	8	25	33

Your nurse appreciated the cooperation of the community.

Respectfully submitted,

GEORGIA GENTHNER, R.N.  
Public Health Nurse

## Report on St. George Dump

### RULES FOR USE OF DUMP:

1. Dump only beyond fence, at far end of dump as directed by dump custodian.
2. Do not light any fires at any time. Dump custodian will take care of all burning.
3. Dead animals and birds must be buried.
4. Sludge pumped from septic tanks is barred from the dump.
5. Doors must be removed from any refrigerator or ice-box left at the dump.
6. Whole trees and telephone poles are barred from the dump.
7. Open trucks going to the dump should be covered with a tarpaulin.
8. Dump all shrimp and lobster bodies and shells in ditch dug for this purpose to the left of the road.
9. Land excavation is barred from town dump.
10. Junk cars must be placed where custodian designates.
11. Do not dump over the fence. Please observe dumping hours on days the dump is open to the public - everyone's help is needed in keeping the dump controlled and unsightly.

### STATE LAW CONCERNING JUNKED CARS

Sec. 1 M.R.S. T. 17 Par. 2802 Amended 1965:

"Any places where one or more old, discarded, worn out junked motor vehicles as defined in Title 29, Section 1, subsection 7, or parts thereof, are gathered together, kept, deposited, or allowed to accumulate, in such manner or in such location or situation either within or without the limits of any highways, as to be unsightly, detracting from the natural scenery and injurious to the comfort and happiness of individuals and the public, and injurious to property rights, are declared to be public nuisances."

Respectfully submitted,

G. DEWEY THAYER  
Health Officer

## **Notice To Taxpayers**

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors --

Chapter 91 A, Sec. 34, R. S. 1954. ..

### **Notice To Veterans**

Veterans or widows of veterans, who may be eligible for poll or property tax exemption, under our Maine Laws, should be familiar with the requirement, whereby, application for tax exemption must be made to assessors before April 1st of the year in which exemption is expected to begin.

The following is taken from Chapter 91A, Public Laws of 1955, section 10, sub-section 111G:

"Any person who desires to secure exemption under the provisions of this sub-section shall make written application and file written proof of entitlement on or before the first day of April, in the year in which exemption is first requested, with the assessors of the place in which the person resides; and the assessors shall thereafter grant such exemption to any person while he is so qualified or until they are notified of desire or reason for discontinuance."

Remarks or Additional Information:

The foregoing is submitted in compliance with Section 34 of Chapter 91-A of the Revised Statutes of 1954, and is true and correct to the best of my belief as of April 1 of the current year.

I understand that the assessors may require me to make oath of the foregoing; and that any of them may require me to answer in writing all proper inquiries as to the nature, situation and value of any property liable to be taxed in the State of Maine; and that a refusal or neglect to answer such further inquiries and subscribe the same will bar an appeal to the county commissioners.

## Dog Law

M. R. S. A. TITLE 7, CHAP. 703, SEC. 3451

"On or before the first day of January of each year, the owner or keeper of any dog four months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by any licensed veterinarian, or any previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1 shall then be paid on such spayed females. In addition to the amount paid for license and tax, each applicant shall pay the city or town clerk 50¢ for recording and making a return to the Commissioner of Agriculture. . ."

"Any person becoming the owner or keeper of a dog after the first day of January, not duly licensed as required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided."

### CHAPTER 713, SEC. 3702

"The municipal officers of each municipality shall annually within the month of April issue a warrant, returnable on Dec. 15th, following, to one or more police officers or constables, directing him or them to proceed forthwith to enter complaint and summons to court the owner or keeper of any unlicensed dog. The said police officer or constable shall, before entering such complaint and obtaining said summons, call on the owner or keeper of said dog and demand that he conform with the law and pay the license fees due, and if the owner pays such license fees, he shall pay in addition

thereto the officer's fee of \$3, which the officer shall retain and make return and pay over to the city or town clerk the license fees received by him."

In addition, the owner shall present a certificate, signed by a licensed veterinarian, stating that the dog has been immunized against rabies within 365 days of the time application is made for a license.

### NOTICE TO DELINQUENT TAXPAYERS

In accordance with the laws of the State of Maine, a Tax Mortgage Lien will be taken on all Real Estate on which taxes remain unpaid after March 31, 1970.

Collector's Warrants will be issued to the Sheriff's Department to enforce collection of Delinquent Personal Taxes, which remain unpaid after March 31, 1970. The additional costs of such legal actions must be paid by the delinquent taxpayer.

Respectfully submitted,

G. DEWEY THAYER, Tax Collector

## **Audit Report**

Town of St. George year ended January 31, 1969

State of Maine

Department of Audit

Augusta, Maine 04330

June 6, 1969

Board of Selectmen  
St. George,  
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of St. George for the year ended January 31, 1969.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at January 31, 1969, and the results of its operations for the period indicated.

Respectfully submitted,

MICHAEL A. NAPOLITANO  
State Auditor

MAN:aki

## COMMENTS

## Scope of Audit

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recorded cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the bank or by direct bank confirmation. The correctness of other recorded assets and liabilities was verified on a test basis.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period.

Excise tax collections were checked with copies of receipts retained by the collector. Trust, special and capital reserve fund transactions were examined and investments were verified. Minutes of selectmens' meetings were reviewed for financial information. Surety bond coverage was reviewed.

## Operational Results

The fiscal year's operations showed that the net unexpended departmental balance lapsed to surplus amounted to \$5,183.03, per the following summary:

Departmental Accounts:	
Unexpended Balances	\$13,859.34
Overdrafts	<u>8,676.31</u>
Net Unexpended Balance	<u>\$ 5,183.03</u>

The overlay less overdrafts in highway and tax abatement accounts were the major factors contributing to the net unexpended balance.

## General

The townspeople authorized the use of excise tax revenue and transfers from surplus for various operational purposes.

Trust fund investments included securities in mutual funds. It is recommended that legal advise be obtained to determine if the percentage of funds so invested is within the provisions of the statutes.

Expenditures charged to the Trussell Worthy Poor Fund appeared, in some instances, to have exceeded bequest stipulations. In this respect, it is suggested that legal advise be obtained to determine the fund expenditure limitations.

It was noted that the selectmen authorized the Town Manager to purchase a four-wheel drive truck for snow plowing at a cost of \$1,850.00. This purchase was made without the authority from the townspeople.

## TOWN MANAGER'S REPORT

To the Citizens of St. George:

I would like to present the 1970 Annual Town Report.

The bank balance as of December 31, 1970 is \$30,308.75. There is one outstanding school note of \$25,000.00 due that will be paid on January 18, 1971.

We have collected 81% of our committment and collected \$24,000 in excise tax.

During the past year the Town Road Improvement money was spent on High Street in Tenants Harbor and on the extension on the Pattern Point Road. We have a remaining balance of \$2,578.03 plus the 1971 grant.

Patrick Mitchell had the snow plowing contract for the next two years. In April of this year due to illness he asked the Selectmen to relieve him of the balance of his contract, which they did.

In September Allison Morris and Wayne Hilt signed a contract for two years at \$13,000.00 for sanding and plowing.

The new dog ordinance passed last Town Meeting presented a lot of problems, due to the lack of dog pounds. We haven't any place to take the dogs after they are picked up by the local dog catcher. I understand, though, the Knox County Commission is planning to study the matter further.

Mrs. Patricia Minzy resigned last April. Mrs. Lucy King replaced her and she resigned September 1st due to sickness in the family. Miss Lorraine Ames replaced Mrs. King.

I would like to express my appreciation at this time for the very fine cooperation I received from the citizens and town officials this past year.

Respectfully,

G. DEWEY THAYER  
Town Manager

## REPORT OF THE PLANNING BOARD

Following the March Town Meeting the Selectmen appointed Mrs. Dana Knight to serve out the term of Mr. Henry Faller, who resigned due to other commitments. Mrs. Sherwood Cook was appointed to a five year term; and Mrs. Walter Eddy was appointed to the board as an Alternate.

During the past year we have studied several comprehensive plans, which are used successfully in Maine towns similar to St. George in population and area. We feel that many features of these plans can be adapted for use in our town.

Mr. Franklin Milliken, of the Maine State Planning Board, met with us in December and advised us on many of the legal aspects involved in municipal planning.

We have been meeting twice monthly for the past five months, and have hopes of being able to present a plan to the Townspeople for consideration sometime this Spring.

Shortly after the annual town meeting in March, we plan to hold a citizens' meeting to invite suggestions regarding zoning for the town with a view to encouraging the most appropriate use of the land.

The planning board continues to welcome suggestions from any citizen on matters concerning general improvement of the town.

Respectfully submitted,

MALCOLM E. WILEY<sup>2</sup>  
Chairman

## ANNUAL REPORT OF THE FIRE CHIEF

To the Borad of Selectmen, Residents and Tax-payers of the Town of St. George, I hereby submit the following report for the Fire Department for the year 1970:

The Department responded to a total of 131 calls as follows:

FIRE		NON-FIRE	
Building	12	Rescue	3
Dump	8	Service	3
Grass	10	Ambulance	77
Woods	6	Bomb Threat	1
Chimney	4	Drill	4

This past year saw a slight increase in fires of all types. Dump fires resulted in 252 man-hours, which cost the town \$437.50. The Port Clyde Packing Company fire resulted in a loss of \$700 worth of equipment which fortunately was covered by our insurance.

We wish to extend our sincere thanks once again to "Barney" Robinson, who donated, without charge to the Town, the use of his garage at Wiley's Corner to house the tank truck presently stationed in that area.

I would like at this time, to bring to the attention of the Townspeople the fact that the tank truck which is presently stationed in Wiley's Corner will need replacement in the near future.

We also feel very fortunate to have the support of the "Fire-Flies" who support the firemen, furnishing coffee, eats, and any help during fires, as well as their many contributions to the department.

As Fire Chief, I would like to express my appreciation to the volunteer firemen of St. George, for their support and co-operation during 1970.

As each year in the past, our ambulance has seen an increase in calls for 1970. The association purchased a 1967 Pontiac for \$6,800 last July. By a new State Law, we are required to have only licensed attendants on the ambulance, as well as periodic checks

by the State on ambulance equipment. It is with a great deal of pride we note that 16 of our men presently hold their licenses, following a nine-week course at Knox Hospital. Appreciation should also be extended to Sherwood Cook, who has donated a great deal of time and service to the ambulance department.

Respectfully submitted,

EDWARD DAVIS  
Fire Chief

### REPORT OF MID-COAST HOME HEALTH AGENCY

To the Citizens of the Town of St. George:

Once again, the Mid-Coast Home Health Agency requests financial support from the citizens of St. George.

During 1970 nurses employed by our agency made 186 visits to patients living in St. George. Many of these were to individuals covered by Medicare. Recently, however, the Social Security Administration has become most rigid in its requirements and has denied payment for some visits which we have been making to patients covered by Medicare.

Also, as doctors realize the value of our services, we are making more visits to patients in the younger age group who are not covered under Medicare or private insurances. In such cases, your Town will be informed about the expenditures made by Mid-Coast Home Health Agency for the support of your Town's poor and needy.

Continued support of our agency's work in the form of Town meeting appropriations and otherwise will be greatly appreciated.

Sincerely yours,

JOHAN BROUWER, M.D.  
President-Medical Director

## REPORT OF MID-COAST MENTAL HEALTH CLINIC

To the citizens of the Town of St. George:

During the last 12-month period, the Mid-Coast Mental Health Clinic handled a total of 253 cases in Knox, Lincoln, and Waldo counties. We saw about 2 adults to every child this past year, and our coverage extended to individuals and families in 34 different towns in our service area.

At the Mid-Coast Mental Health Clinic, a patient pays according to his ability to pay and, in practice, this means our fees cover only a small percentage of our expenses. We need the help of each town in our area to continue our present services on this basis.

Some service has been rendered individuals in your town, and we are asking you to consider an appropriation of \$25 for the Clinic at your annual meeting and request that an article to this effect be placed in your town warrant.

If you would like additional information about the Clinic, a member of the Board of Directors will be glad to meet with you at your request.

We look forward to your support.

Yours sincerely,

MID-COAST MENTAL HEALTH ASS'N, INC.

JOHN J. McAULIFFE  
President

**Maine Department of Health and Welfare  
Division of Public Health Nursing, Bureau of Health**

**ANNUAL REPORT OF PUBLIC HEALTH  
NURSING SERVICES FOR 1970  
IN ST. GEORGE**

Your public health nurse, a member of the Division of Public Health Nursing, Department of Health and Welfare, submits a report of the services given by her for this year.

She worked with all age groups in their homes, in schools and pre-school child health conferences.

She made eighty-seven visits to people in their homes, for a variety of conditions requiring nursing care or health supervision. She assisted families by guiding them to proper resources for care. She received referrals for these visits from families, physicians and as a result of findings in the school health program.

Child health conferences continue to be held on a monthly basis in St. George. Pre-school children received physical examinations, immunizations and counselling on growth and development given by Harry Naumer, M.D., and your public health nurse. Your nurse with the assistance of the health council held an Amblyopia (Lazy Eye) Clinic with fifteen children attending. The eye screening for amblyopia will continue to be given in the monthly child health conferences.

Your public health nurse worked with the school physician, Harry Naumer, M.D., and school personnel in the administration of the following school health services:

- A. Audio and Visual Screening Tests to All Children
- B. Tuberculin Tests for Children in Kindergarten, Grade Seven and School Personnel
- C. Physical Examinations for Children in Kindergarten, Grades Four and Seven and Athletes

#### D. Immunizations to all Children when Necessary

Parental permission was obtained as needed. Your nurse conferred with school personnel regarding individual students and their problems.

The following table summarizes the immunizations completed in the various programs:

Type of Immunization	Number of Children Immunized		
	Under 1 Yr.	1-4 Yrs.	4-19 Yrs.
Diphtheria-Tetanus			31
Rubella (German Measles)			126
TriValent Oral Polio	1	12	30
Diphtheria-Pertussis-Tetanus	1	13	12
Smallpox		8	5
Measles		6	

Your public health nurse appreciates the cooperation of the citizens of the community.

Respectfully submitted,

GEORGIA L. GENTNER, R.N.  
Public Health Nurse

## NOTICE TO TAXPAYERS

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors . . .

Chapter 91 A, Sec. 34, R.S. 1954.

## NOTICE TO VETERANS

Veterans or widows of veterans, who may be eligible for poll or property tax exemption, under our Maine Laws, should be familiar with the requirement, whereby, application for tax exemption must be made to assessors before April 1st of the year in which exemption is expected to begin.

The following is taken from Chapter 91A, Public Laws of 1955, section 10, sub-section 111G:

"Any person who desires to secure exemption under the provisions of this sub-section shall make written application and file written proof of entitlement on or before the first day of April, in the year in which exemption is first requested, with the assessors of the place in which the person resides; and the assessors shall thereafter grant such exemption to any person while he is so qualified or until they are notified of desire or reason for discontinuance."

## DOG LAW

### M.R.S.A. TITLE 7, CHAP. 703, SEC. 3451

"On or before the first day of January of each year, the owner or keeper of any dog four months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by any licensed veterinarian, or any previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1 shall then be paid on such spayed females. In addition to the amount paid for license and tax, each applicant shall pay the city or town clerk 50c for recording and making a return to the Commissioner of Agriculture . . ."

"Any person becoming the owner or keeper of a dog after the first day of January, not duly licensed as required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided."

### CHAPTER 713, SEC. 3702

"The municipal officers of each municipality shall annually within the month of April issue a warrant, returnable on Dec. 15th, following, to one or more police officers or constables, directing him or them to proceed forthwith to enter complaint and summons to court the owner or keeper of any unlicensed dog. The said complaint and obtaining said summons, call on the

police officer or constable shall, before entering such owner or keeper of said dog and demand that he conform with the law and pay the license fee due, and if the owner pays such license fee, he shall pay in addition thereto the officer's fee of \$3, which the officer shall retain and make return and pay over to the city or town clerk the license fees received by him."

In addition, the owner shall present a certificate, signed by a licensed veterinarian, stating that the dog has been immunized against rabies within 365 days of the time application is made for a license.

## KNOX COUNTY REGIONAL PLANNING COMMISSION — ANNUAL REPORT

Early in 1970 Knox County Regional Planning Commission undertook a vital program to meet the needs of the people in the community.

This program is specifically planned to encourage and improve wise public spending and the development of private enterprise in order to meet future demands.

Realizing the particular problems and issues that must be resolved in order to overcome inherent shortcomings of our coastal area, a work program designed to accomplish certain objectives was set up. This Overall Program Design outlines and recommends guidelines for future planning and plan implementation for the Knox County Regional Planning Commission.

With the election of a new chairman and secretary as well as an executive secretary in May, the Commission moved forward with a background of experience into a new phase of activities critically related to the immediate interests and needs of the county.

These included a review of federal and state planning assistance programs, definite progress toward the completion of the 1969 Knox County Plan, and discussion with town officials on local problems in such areas as zoning, water pollution abatement, schools and solid waste disposal.

As a result of specific efforts by the chairman and the executive secretary, assistance was given to several towns who are undertaking the work of a comprehensive plan. One result of these efforts was a community informational meeting which was termed highly successful as a means of airing problems as well as shedding some light upon them.

Last summer KCRPC assisted the Maine Law Enforcement Planning and Assistance Agency in developing a law enforcement program for the county. A grant has already been received by the city of Rockland as a result of this effort.

Knox County Regional Planning Commission believes the continued well-being of the community is a basic goal from which other goals should stem and therefore determined to set up workable goals and objectives for the future.

Study has recently been completed on a five-year work program embodying the policies and recommendations based on established goals that provide an overall framework both theoretical and practical for Knox County's development.

Consideration has been given to maintaining the beauty and esthetic quality of the environment. This is shown by an appreciation for the limitless human and natural resources of our area, by a willingness to explore these resources while faithfully adhering to the principle involved and by continuous awareness of its rare quality.

Such a program while highly ambitious is not unrealistic in view of the interest and dedication of the members of KCRPC and the growing enthusiasm engendered in member towns. Total cooperation among the communities in Knox County can continue to raise the standard of services provided, as well as help make the coastal region a showcase of meaningful planning.

RAYMOND D. SMITH  
Chairman

## AUDITOR'S REPORT

April 6, 1970

Board of Selectmen  
St. George,  
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of St. George for the period ended December 31, 1969.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at December 31, 1969, and the results of its operations for the period indicated.

Respectfully submitted,

KENDALL P. HANNA  
Deputy State Auditor

## COMMENTS

### Scope of Audit

The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Count of cash was made and records checked to determine the accuracy of recorded cash transactions.

Cash accounts were verified by reconciliation of bank statements furnished by the bank and/or by bank confirmation. The correctness of other recorded assets and liabilities was verified on a test basis.

An analysis was made of receipts and deposits as well as expenditures and negotiated checks. Vouchers, payrolls and canceled checks were examined for a selected period.

Excise tax collections were checked with copies of receipts retained by the collector. Trust, special and reserve fund transactions were examined and investments verified. Minutes of selectmen's meetings were reviewed for financial information. Surety bond coverage was determined.

### Departmental Operations

The operational results are not necessarily comparative in all instances due to the change in the closing date being one month earlier.

The fiscal period's operations showed that a net unexpended departmental balance of \$16,520.83 was lapsed to unappropriated surplus, per the following summary:

Unexpended Balances	\$22,226.20
Overdrafts	5,705.37
Net Unexpended Balance	<hr/> \$16,520.83

The overlay, unallocated excise taxes and an unexpended balance is the welfare poor account less tax abatements and an overdraft in the roads and bridges account were the major factors contributing to the net unexpended departmental balance lapsed to surplus.

The following comments apertain to the accompanying financial statements and the scope of the audit.

ASSETS . . . Cash balances of \$18,744.55, which included general and petty cash accounts, were accounted for by bank deposits and/or cash on hand.

Taxes receivable totaling \$52,744.81 represented current year accounts of \$52,418.53 and prior year delinquent accounts totaling \$326.28 dating from 1962. Tax liens and tax acquired property amounted to \$2,868.68 and \$1,761.85 respectively.

LIABILITIES, RESERVES AND SURPLUS . . . General fund liabilities of \$200,067.54 consisted principally of a tax anticipation note of \$20,000.00 due in January, 1970.

The appropriation accounts showed a net unexpended balance of \$11,157.58 carried forward to the ensuing year in accordance with legal requirements and/or customary practice.

The unappropriated surplus amounted to \$43,732.74 an increase of \$9,403.99 for the year. The increase was occasioned principally by the net unexpended departmental balance lapsed less transfers for specific purposes.

TRUST, SPECIAL AND RESERVE FUNDS . . . Trust fund principals totaled \$22,815.48 and unexpended income was \$1,833.96, the Collins Memorial Park fund amounted to \$1,575.00, and the reserve funds for school building and fire truck purposes amounted to \$32,155.70 and \$1,500.00 respectively. With the exception of \$1,500.00 due from the general fund, the funds were represented by securities and bank deposits.

The trust fund investments included securities in mutual funds. It is recommended that legal advice be obtained if the percentage of funds so invested is within the limits provided by statute.

GENERAL . . . The use of excise tax revenue and transfers from surplus for specific current operating purposes were voter authorized at the annual town meeting.

Expenditures charged to the Trussell Worthy Poor Fund appeared, in several instances, to have exceeded bequest stipulations. It is suggested that legal advice be obtained to determine the fund expenditure limitations.

# Dedication

This year's Report is dedicated to Whitney Long Wheeler, with fond recognition of his dedication to his home town of St. George.

Whit was born on New Year's Day, 1907, in the ancestral home overlooking the Harbor, in which he plans to live fulltime. He attended school at Tenants Harbor and prepped at Coburn Classical Institute before entering the University of Maine, from which he was graduated in 1930 with an AB degree in Economics.

He retired from the U.S. Navy with the rank of Captain, is presently serving as trustee and treasurer of Maine Maritime Academy, and is State president of the Navy League of the United States. He is on the board of directors at Augusta YMCA (president from '56 through '62) and a member of the executive committee an administrative board of the State YMCA. An incorporator of the Kennebec Valley Community Chest in 1955, he has served on the board ever since and was president for two years. He is a member of the advisory committee of the University of Maine in Augusta. For the past twenty years he has served as Maine's District Director of Internal Revenue.

In St. George, he co-founded an endowed vocational school, the Lillius Gilcrest Grace Institute, and gave the town its first public landing and Little League Field.

This will mark the thirty-third year that Whit has moderated our Town Meetings, with infinite patience and skill. He has donated the fees each time to the Mary Elinor Jackson Library — which sits on land donated by his family.

## TOWN MANAGER'S REPORT

To the Selectmen and Citizens of St. George:

At this time I would like to present the annual report for the year ending December 31, 1971.

We have collected 85% of our 1971 commitment along with \$24,000 in excise tax. After closing the books we have a surplus of \$28,000 for the year 1971 and an over all surplus of \$59,215.90.

During the past year several programs have been started. Installing dry hydrants began at Martinsville, Pondarosa, and J. C. Robinson's pond. Another hydrant was installed at a pond in South Thomaston for the protection of Spruce Head and Pattern Point. Plans for a hydrant at Clark Island are already in operation and the hydrant should be going in sometime this spring.

New street signs also went up this past year. From now on we have plans for putting up a few each year until the job is completed.

At the Fire Station a new automatic time clock was installed to set off the alarm each day at 7 a.m. and 12 noon.

Dump fires have decreased this year since the fire department was only called out once. I find Mr. Wendelaar is doing everything required as custodian of the dump.

We have issued building permits totaling \$400,000 and so far we have received nearly 200 abstracts of land transfer.

I would like to express my appreciation to Mrs. Lorraine Hall, Mr. Allison Morris, and the Town Officials for their support.

Respectfully submitted,

G. DEWEY THAYER

Town Manager

## REPORT OF THE PLANNING BOARD

The following changes have been made in the membership of the planning board since the last annual report: Mrs. Elizabeth Knight, who served briefly but very effectively as chairman, resigned in May. Dana Smith was appointed to replace her, and Albert Scaccia was appointed to replace Mrs. Gwen Cook, who also resigned in May.

At a public informational meeting held March 15, 1971, citizens expressed a desire for the planning board to prepare a comprehensive plan and zoning ordinance for the town. Questionnaires were sent out to all registered voters in October. Replies to the questionnaires were used as a guide in preparing a preliminary zoning ordinance.

A second informational meeting was held December 6 at which the board requested additional suggestions. Throughout December and the first part of January the board met at the town office each Wednesday evening. Citizens were encouraged to come and present opinions and to discuss specific questions relating to planning and zoning.

The public hearing regarding the proposed zoning ordinance was held January 10, 1972, previous to a special town meeting called to see if the town would vote to accept the proposed ordinance. The outcome of this special town meeting was not known when this report went to print.

The planning board is encouraged that so many citizens expressed a concern for the future of the town.

Respectfully submitted,

MALCOLM WILEY  
HOWARD MONAGHAN

## ANNUAL REPORT OF THE FIRE CHIEF

To the Board of Selectmen and the Citizens of the Town of St. George:

I hereby have the honor to submit the following report for the Fire Department for the year ending December 31, 1971.

The Department responded to a total of 112 calls as follows:

Fire		Car	
Buildings	11	Trailer	1
Town Dump	1	Non-Fire	
Grass	2	Boat	2
Woods	2	Drills	4
Chimney	6	Ambulance Calls	
		Total	80

I would like to thank the Fire Commissioners, the Town Manager and his secretary, and the officers and members of the Fire Department for their assistance and cooperation during the year. The Department wishes to thank again this year, Barney Robinson for donating the use of his garage at Wiley's Corner to house Tank Truck No. 2. The Department also is very fortunate to have the support of the Fire-Flies, who have furnished coffee and food at the fires and have made many important contributions of equipment to the Department and the ambulance.

Special thanks goes to all the citizens and summer residents of the Town of St. George for their generous contributions to the Ambulance Fund. This support has enabled us to pay off the \$5,000 loan obtained to purchase our present ambulance. During the year, the James A. Clarkson Memorial Fund was established with a gift of \$550 which will allow us to obtain further vital life-saving equipment for the ambulance. This year, 5 more Association members attended the nine week Ambulance Attendant Course at Knox County General Hospital. We now have 15 ambulance attendants who have graduated from this course and are licensed by the State of Maine. I would like to thank all the ambulance crew members for the tremendous job they are doing. The Association would also like to extend its thanks to Dana Herrick, W. Sherwood Cook and Douglas Moore for their assistance in operating the ambulance.

In 1971, a dam was constructed at the Martinsville Bridge, creating a very good fire pond. Four dry hydrants have been installed at fire ponds located at Watts Pond (Ponderosa), Martinsville Bridge, Rte. 131 at Robinson Lumber Mill, and Rte. 73 in Spruce Head. When the weather permits this spring, dry hydrants will be installed at ponds at the Marsh in Tenants Harbor and in Clark Island. These ponds and hydrants are a most valuable addition to our fire-fighting capabilities.

A State Fire-Fighting School was held this year under the direction of Deputy Chief Walter Boland of the Rockland Fire Department. The operation of the fire truck pumps and the correct use of hose streams and nozzles were studied under actual fire conditions.

Your Fire Department and the Ambulance Service are volunteer organizations composed of members of the St. George Volunteer Firemen's Association and the Fire-Flies. The Department holds drill and work sessions every first and third Wednesday of the month and the Association meets every second and fourth Wednesday of the month. Additional new members are invited and will be most welcome.

EDWARD B. DAVIS  
Chief of the Fire Department

## MID-COAST MENTAL HEALTH CLINIC

Bok Medical Arts Building  
Rockland, Maine

The problems are: Drugs . . . Alcoholism . . . Family and Marital — and the list goes on — Depression . . . Suicide . . . Behavioral . . . Emotionally Disturbed Children . . . Unwanted Pregnancies . . . Abused and Beaten Children

. . . the pretty blonde 7-year-old girl whose parents didn't know how unhappy she was until she became almost totally bald from pulling at her hair.

. . . the parents who were having many problems with their son and thought he was on drugs. Recently he admitted it; says he is "hooked;" can't stop.

... the middle-aged man who'd been unable to work and was supported, at great expense for several years, by the town. He was found to be suffering from depression; is now able to work and support himself.

... the husband who didn't realize how serious his marital problems were until he discovered that his wife has been drinking at home for six months; is an alcoholic and in the State Hospital. He is now aware that they need counseling and is desperately asking for help.

These people didn't know about mental health problems and mental health clinics until their lives were seriously affected by their problems. Now they do know, and understand why we have a Mid-Coast Mental Health Clinic and how we can help.

Yes! Mental health problems are alarmingly high and seem to be increasing. Yes! our suicide, divorce, and alcoholism rates are among the highest in the nation. It is dramatic the number of suicides that are prevented each year by adequate treatment.

We have asked the towns to increase their support this year, as explained in the accompanying letter. We think it is important to point out that, in the long run, local communities can save money by increasing support now, because —

If we do not have resources to help a troubled marriage, then our tax dollars may have to pay for the support of the children after a divorce.

If we are unable to help a teenager with his problems, it may cost several thousand dollars a year to keep him in a Boys' Training Center or (even worse) a prison.

If we do not help a girl before she "gets in trouble" then our tax monies may be used to send her to an unwed mothers' home — or support that infant in a foster home.

When one looks at it in this way, it is more apparent that the amounts of money being offered by the communities are indeed an investment.

The greater the investment now, the greater the saving in the future.

## NOTICE TO TAXPAYERS

Before making an assessment, the assessors shall give reasonable notice in writing to all persons, liable to taxation in the municipality, to furnish to the assessors true and perfect lists of their polls and all their estates, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year.

The notice to residents may be given by posting notifications in some public place in the municipality or in such other way as the municipality directs.

The notice to non-resident owners may be by mail directed to the last known address of the taxpayer or by any other method that provides reasonable notice to the taxpayers.

If any person after such notice does not furnish such lists, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he furnishes such list with his application and satisfies them that he was unable to furnish it at the time appointed.

The assessors or any of them may require the persons furnishing the list to make oath to its truth, which oath any of them may administer, and any of them may require him to answer in writing all proper inquiries as to the nature, situation and value of his property liable to be taxed in the state; and a refusal or neglect to answer such inquiries and subscribe the same, bars an appeal to the county commissioners, but such lists and answers shall not be conclusive upon the assessors . . .

Chapter 91 A, Sec. 34, R.S. 1954.

### NOTICE TO VETERANS

Veterans or widows of veterans, who may be eligible for poll or property tax exemption, under our Maine Laws, should be familiar with the requirement, whereby, application for tax exemption must be made to assessors before April 1st of the year in which exemption is expected to begin.

The following is taken from Chapter 91A, Public Laws of 1955, section 10, sub-section 111G:

“Any person who desires to secure exemption under the provisions of this sub-section shall make written application and file written proof of entitlement on or before the first day of April, in the year in which exemption is first requested, with the assessors of the place in which the person resides; and the assessors shall thereafter grant such exemption to any person while he is so qualified or until they are notified of desire or reason for discontinuance.”

## DOG LAW

### M.R.S.A. TITLE 7, CHAP. 703, SEC. 3451

"On or before the first day of January of each year, the owner or keeper of any dog four months old or over shall apply to the city or town clerk either orally or in writing for a license for each such dog owned or kept by him. Such application shall state the breed, sex, color and markings of such dogs and the name and address of the last previous owner.

A fee of \$1 shall be paid the city or town clerk for each license issued on male dogs, and a fee of \$5 shall be paid for all female dogs capable of bearing young. All female dogs shall be considered capable of producing young unless a certificate issued by any licensed veterinarian, or any previous license record, is presented from a licensed veterinarian stating that such female was made incapable of bearing young by spaying by him. When such certificate accompanies the application, a fee of \$1 shall then be paid on such spayed females. In addition to the amount paid for license and tax, each applicant shall pay the city or town clerk 50c for recording and making a return to the Commissioner of Agriculture . . ."

"Any person becoming the owner or keeper of a dog after the first day of January, not duly licensed as required, shall, within 10 days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided."

### CHAPTER 713, SEC. 3702

"The municipal officers of each municipality shall annually within the month of April issue a warrant, returnable on Dec. 15th, following, to one or more police officers or constables, directing him or them to proceed forthwith to enter complaint and summons to court the owner or keeper of any unlicensed dog. The police officer or constable shall, before entering such said complaint and obtaining said summons, call on the owner or keeper of said dog and demand that he conform with the law and pay the license fee due, and if the owner pays such license fee, he shall pay in addition thereto the officer's fee of \$3, which the officer

shall retain and make return and pay over to the city or town clerk the license fees received by him."

In addition, the owner shall present a certificate, signed by a licensed veterinarian, stating that the dog has been immunized against rabies within 365 days of the time application is made for a license.

## KNOX COUNTY REGIONAL PLANNING COMMISSION

During the year 1971 Knox County Regional Planning Commission realized the fulfillment of several goals as well as making encouraging progress toward an expanded program of greater community involvement.

Due to increased interest in and awareness of the need for planning throughout the region, a strong Public Relations (Improvement) Program was initiated. This combined with personal contact, good media coverage and attendance at local meetings, brought three full and two associate members to the commission this year. This provides a total of ten towns belonging and participating in the overall planning needs of the area.

Projects which especially concerned the commission included the completion of a five year Overall Program Design early in 1971. Implementation of this design can be resolved on the local level through the realization that this is a regional responsibility. Herein lies the greatest possible contribution the Knox County Regional Planning Commission can make to the community.

Knox County Regional Planning Commission has continued its cooperation and assistance in the work of the Maine Law Enforcement Planning and Assistance Agency with encouraging results.

An active Citizen Participation Committee was formed by the commission last fall. This group is well under way in an effort to bring planning knowledge and information to a wide range of groups and organizations throughout the county.

With a full year of progress in 1971 and a healthy view toward even greater cooperation with all the towns in 1972, the coming year looks busy and encouraging.

Knox County Regional Planning Commission will maintain its efforts to inspire community leadership to develop aggressive improvement programs and through its own efforts to keep high standards of interest and resourcefulness.

RAYMOND D. SMITH

Chairman

**ANNUAL REPORT OF THE POLICE DEPARTMENT**

---

To the Board of Selectmen, Residents and Taxpayers of the Town of St. George, I hereby submit the following report of the Police Department for the year 1971:

The Police Department, as such, is comprised of two part-time Police Officers, and at the present time, two special constables, who are called by the Department for special or overload work.

The Department handled a total of 96 complaints during 1971, varying in nature as follows:

Speeding complaints	9
Breaking, entering and/or vandalism	33
Assault	2
Assault with a deadly weapon	1
Prowlers	3
Stolen cars	5
Assistance calls	14
Miscellaneous calls	29

The cooperation of the State Police and Sheriff's Office with our Department was extremely helpful, but due to the fact that our department has no radio communication with either of these departments, we found many instances where our services were hampered.

You are all well aware, I am sure, of the increasing number of breaks and vandalism everywhere. The later part of 1971 found a constant increase of this type of calls for our department as well. Both regular officers and special constables responded to many minor calls without cost to the town, during the later part of 1971, as funds appropriated had been depleted due to so many calls of a more serious nature. Many hours were spent with the State Police on traffic control and emergency calls in our area.

Constant surveillance of some homes that had been vandalized more than once, created the need for more manpower, and thus we requested that two special constables be deputized by the Town Office. Again, inadequate communication presented a hazard to men in cases like this.

Many towns such as ours have received Federal

and State funds and assistance through the Safe Streets Act. Perhaps St. George can qualify for such aid in 1972.

In order for our Police Department to be efficient, we must have the cooperation of the townspeople. I would like to submit the following recommendations to the townspeople for 1972:

1. Appoint a special Constable from each section of town, to be called by the Department when the need arises.
2. A communications system to tie in with the Knox County Police Network.
3. Funds to adequately cover the increasing number of calls.

As a Department, we want to thank the townspeople who have assisted and supported us during the past year. We solicit the help of all townspeople, in order that we can have a more efficient department in 1972.

Respectfully,

MERRILL C. MINZY, JR.

Police Chief

### DUMP ORDINANCE

1. No person shall deposit any refuse or waste except at the far end of the dump or at a place designated by the custodian.
2. No person shall light any fire within the dump area.
3. No person shall deposit any refuse or waste beside or on the road of turnaround.
4. No person shall deposit any waste paper except paper securely tied in bundles or placed in plastic containers.
5. No person shall deposit any refrigerators or freezers except those with the doors removed.
6. No persons shall deposit any trees, stumps or telephone poles.
7. No person shall deposit commercial shellfish unless such shellfish shall be buried at least one foot below the surface of the ground.
8. No person operating a vehicle to and from the dump area shall permit any waste or refuse to leave such vehicle so far as to litter any way or property.
9. The dump custodian shall be selected by the selectmen; and, in consideration for his maintaining the dump and enforcing all laws with respect to the dump, he shall have exclusive rights to reclaim any item deposited in the dump.
10. The selectmen are authorized to determine the hours of operation of the dump and post such hours. No person shall deposit any waste or refuse in the dump at any time other than within the period of operation as determined by the selectmen.
11. Any person found in violation of any provision of this ordinance shall be fined at least \$10.00 and no more than \$100.00.

## AUDITOR'S REPORT

February 2, 1972

Board of Selectmen  
St. George,  
Maine

In accordance with Title 30, Section 5253, Maine Revised Statutes Annotated of 1964, as amended, an audit has been conducted of the financial records of the Town of St. George for the year ended December 31, 1971.

The examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Within the scope of the examination, the financial transactions were appropriately handled, with such exceptions as may be noted in the accompanying commentary.

In our opinion, the exhibits and schedules incorporated in this report, present fairly the financial position of the Town at December 31, 1971, and the results of its operations for the period indicated.

Respectfully submitted,

RAYMOND M. RIDEOUT, JR.

State Auditor

### SCOPE OF AUDIT

The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Cash accounts were verified by reconciliation of statements furnished by the depositories and/or bank confirmation.

An analysis was made of receipts and deposits as well as disbursements and bank charges. Vouchers, payrolls and canceled checks were examined on a selective basis. Letters of confirmation were used on a test basis to verify the correctness of recorded assets and liabilities.

Revenues accruing to the municipality from various sources were reviewed and checked to pertinent records. Trust, special and reserve fund transactions were examined. Town meeting records, as they pertained to financial matters were checked as were the records of the selectmen's meetings. Surety bond and insurance coverages were determined.

### COMMENTS

#### Operational Results

The departmental operations for the year showed that a net unexpended departmental balance of \$28,428.82 was lapsed to surplus, per the following summary:

Departmental Accounts:	
Unexpended Balances	\$33,071.68
Overdrafts	4,642.86
Net Unexpended Balance	\$28,428.82

The overlay, supplemental taxes and unallocated excise tax revenue less abatements were the major factors contributing to the net unexpended departmental balance lapsed. The records did not indicate that authority had been granted allowing overdrafts in appropriation accounts.

The following comments pertain to the accompanying financial statements:

**ASSETS:** The general fund cash accounts amounted to \$40,352.47 at December 31, 1971. The bank balances and in transit deposits used in reconciling the cash balance were confirmed by the depository. The change fund was counted.

Taxes receivable totaled \$50,642.89 at the year end. Of this amount \$47,868.68 was for current year accounts and the remaining balance of \$2,774.21 was for delinquent accounts dating from 1962. Tax liens

and tax acquired property amounted to \$2,567.73 and \$2,903.86 respectively. It is recommended that a review be made of the delinquent tax accounts to determine their collectibility and that appropriate action be taken to liquidate same.

#### LIABILITIES, RESERVES AND SURPLUS:

General fund liabilities of \$18,323.42 included principally outstanding tax anticipation and fire truck notes.

Unexpended departmental account balances totaling \$18,344.20 are carried forward to the ensuing year in accordance with legal requirements and/or customary practice. Excise tax revenue of \$2,316.70 is reserved for allocation by the voters. It is suggested that the voters stipulate annually the operating accounts, except those which are required by law to be carried, that are to be forwarded to the ensuing year.

The unappropriated surplus amounted to \$59,215.96 an increase of \$10,824.44 for the year. This change was occasioned principally by the net unexpended departmental balance lapsed less a transfer to reduce the current year tax levy and tax abatements affecting prior years.

#### TRUST, SPECIAL AND RESERVE FUNDS:

Trust fund principals totaled \$23,588.99 and unexpended income was \$2,146.52 at year end and were represented by securities and bank deposits. The Collins Memorial Park Fund of \$1,653.75 and the school building reserve fund of \$25,201.60 were represented by certificates of deposits in the Depositors Trust Company.

#### General

The use of excise tax revenue for specific current operation purposes were voter authorized as were the transfers from surplus and the school building reserve fund for the reduction of the tax levy.

#### Recommendations

The following recommendations are worthy of consideration:

Supplemental taxes should be committed to the tax collector by the assessors to comply with statutory requirements.

Signed waivers should be obtained for all partial payments on tax liens to protect the town's foreclosure rights.

Monthly trial balances of the general ledger and periodic reconciliations of taxes receivable would aid materially in keeping audit costs at a minimum.
